

INSURANCE POLICY

The staff makes every attempt to obtain pre-authorization, pre-certification and/or verification of benefits regarding your medical, auto or worker's compensation insurance before you are seen for your visit. However, it is not always possible to obtain this information. It is the policy of this practice that you, the patient, are the responsible to know the extent of coverage that you have available to you for our services including office visits, injections, durable medical goods, casts or splints, x-rays, surgery procedures, fractures or hand therapy (occupational therapy). In the event you require and receive treatment or other services from our practice not covered by your insurance, you will be responsible for these charges. We participate with most insurance plans including Medicare, Florida Worker's Comp and most PPO's and HMO's. We will file you insurance for you if verification of benefits can be obtained. Copays, deductibles, non-covered items and outstanding balances are due at the time of service. If, at any time you have questions or need an explanation of charges or statements, please ask a member of our staff who will gladly assist you. Thank you for choosing Central Florida Hand Specialists for your care.
